

Postdoctoral Position in Organic Synthesis – Universidad de Granada

A postdoctoral position is available in the Department of Organic Chemistry in the group of Dr. Araceli G. Campaña at University of Granada.

<http://nanographout.ugr.es>

Research Topic: "Design, synthesis and study of curved graphene molecules" (In the framework of the ERC-StG-677023 project)

Conditions

The position is offered for a fixed term of 12 months, starting on March 1st, 2020.
(Gross salary: 25,000 - 30,000 eur/year)

Requirements

Applicants must have a PhD (or equivalent) in Chemistry. A strong synthetic background is required. The selected candidate is expected to conduct research and guide the work of PhD students. We seek outstanding candidates with initiative and team-working abilities. Publications record will be considered. Good written and spoken English skills are mandatory.

Applications

Applicants must send an e-mail to araceligc@ugr.es indicating POSTDOCTORAL POSITION as subject including:

- A cover letter highlighting their interest in the position.
- Brief CV (maximum 3 pages, including list of publications and concise research summary)
- The name and e-mail address of two Professors or Researchers that could be contacted to provide references of the candidate.
- Personal interview might be required.

Deadline

31st December 2019 (applications will be considered upon arrival).
